ON LONG ISLAND'S EAST END, THE ARCHITECTURE FIRM CHRISTOFF:FINIO DEVISES A BOLDLY GEOMETRIC SEASIDE RETREAT

TEXT BY PAUL GOLDBERGER

PHOTOGRAPHY BY NIKOLAS KOENIG

PRODUCED BY HOWARD CHRISTIAN

Christoff:Finio Architecture crafted an arresting beachfront residence on the East End of Long Island, New York, with living spaces that hover above the dunes. The poolside chaise longues were custom made and feature Perennials-fabric cushions, while the teak table and benches at left are by Urban Zen. The firm Haynes-Roberts furnished the interiors, and James C. Grimes Land Design oversaw the grounds. For details see Sources.
